Hi Kelly,

As indicated in my voicemail on Tuesday, I would like to confirm that EPA has received Skinner Corporation's (Skinner) February 11, 2014 response to EPA's Notice of Potential Liability for Removal, received by Skinner on January 28, 2014.

We remain interested in meeting with EPA to discuss any questions EPA may have with respect to Skinner's response. Please let us know if EPA would like to proceed with scheduling the meeting.

-Marjan
